Mohammed Faisal

Front-end Developer

✉ faisalferoz2005@gmail.com   📞 +971 56 838 7374   🌐 *My Portfolio Website*

A passionate Creative Computing student in the final year of BSc at Bath Spa University (RAK Campus), with 3+ years of experience in UX/UI design, front-end development, and app creation. Skilled in HTML, CSS, JavaScript, Python, MySQL, and Matplotlib, I've built real-world projects like a movie app with API integration and worked with clients such as Prime Marketing. Currently advancing my backend skills to become a full-stack developer, and eager to contribute to innovative, user-focused digital solutions.

Experience

Software Development Intern / Associate   *January - June 2025*

- **Client Projects (Prime Marketing):** Designed and developed custom website and app components tailored to the needs of Prime Marketing. Collaborated with business teams to build engaging UI/UX solutions, ensuring responsive and professional user interfaces. Managed real-world feedback loops, applied iterative design, and implemented client-requested features effectively.
- **Team Collaboration & Learning:** Worked in small teams for group assignments and client work, participating in both design and development roles. Continuously improving back-end development skills to become a well-rounded full-stack developer.

University & Freelance Projects: *2023- present*

- Built a Movie Application using API integration, featuring real-time data retrieval, search functionality, and user-friendly interfaces. Created multiple portfolio websites, landing pages, and login systems with HTML, CSS, and JavaScript. Developed Python applications with database (MySQL) integration, implementing basic data handling and analytics using Matplotlib. Designed mini-games and interactive experiences on platforms like Itch.io.
- **UI/UX Design Expertise:** Proficient in tools and techniques for wireframing, prototyping, and testing. Designed clean, minimal, and functional interfaces aligned with modern UI principles.

Certifications

Certificate of Appreciation – Prime Marketing   *May 2025*
Successfully completed a real-world project for Prime Marketing as part of the Creative Computing course at Bath Spa University (RAK Campus). Collaborated in a team to deliver a professional solution that showcased strong creativity, technical proficiency, and teamwork. Recognized for contributions in UX/UI design, frontend development, and client-focused implementation.

Education

New Indian Model School, Sharjah   *2022*
